

Fredericksburg Green Party
Meeting Minutes
10/19/2014

The October meeting was held in the Blackstone Coffee meeting room from 3-5PM.

In attendance were Chris Fink, Gerald and Mary Anderson, and Larry Maxwell

Proposals:

GM140817GA -Landfill Issue

Stafford Co. and Fredericksburg have come to terms (we think). Gerald wants to start pushing a 0-waste policy. Matt Kelly is interested.

City has increased fees for hauling waste. Discussed how to make a 0-waste policy palatable in light of this.

GM140817CFa - Letter to FLS re: election results

Chris presented a sample letter to the editor for discussion. He asked us to allow him to send his letter first, and gauge the paper's reaction, before the rest of us send our own letters.

GM140817CFb - Campus Greens

This one is still "on the table".

Chris distributed a list of 6 people for us to contact in hopes of increasing attendance at our meetings.

New business:

Fracking issue - discussed how to contact local anti-fracking groups. Tabling at Earthday Fredericksburg and the Fredericksburg Agriculture Fair.

Contacting the 11th District Green Party, particularly the people running Joe Galdo's campaign (Audrey Clements) about their operation. There was also discussion of an event on the Rappahannock River on Nov 9.

Next Meeting is at Rappahannock Regional Library, 1201 Caroline st. Meeting Room #2 on Nov. 16.
